PEKING, August 19.—It is learned here upon good authority that the American Government has notified China that all negotiations for a new convention to discuss the Chinese exclusion act will be discontinued until the anti-American boycott is stopped, and has also given notice that China will be held responsible for any loss sustained by reason of the boycott.

The Chinese authorities state that they will take energetic steps to stop everything of an illegal or disorderly character, but that they cannot stop the boycott.

WASHINGTON, August 19.—No information could be obtained at the State Department concerning the treaty negotiations alluded to in the above dispatch. The matter of holding China responsible for losses sustained by American citizens, it is presumed, refers to instructions sent to Minister Rockhill directing him to inform the Chinese Government that the United States would insist upon the fulfillment of treaty stipulations.

Sir Chen Tung Cheng, the Chinese Minister, called upon Acting Secretary Adee today, but it was said that his visit was for the purpose of paying his respects and had nothing to do with the present situation in China. Discussing the boycott, the Minister said that he has done all that he could do in his position to stop it. He had advised his Government that nothing could be done about repealing the present laws or changing existing conditions in this country while Congress was not in session. The Minister explained that the position of the officials of the Chinese Government was very difficult. A great public sentiment has been aroused, and it was not easy to convince the people they were wrong. The conditions in China had changed very much during the past few years, and the officials there were politicians, and like the officials in this country, were susceptible to public opinion.

STERLING SUIT WITHDRAWN.

A discontinuance was filed this morning in the case of C. Sterling vs. P. M. Swanny and F. H. Redward, a suit to enforce a mechanics' lien. Sterling has died since the suit was begun.
